Chicago, Illinois 60604

Subject: Submission of March PM10 Monitoring Report  
Pursuant to Clean Air Act, Section 114(a) Request  
Amended Appendix B  
Rain CII Carbon LLC, Robinson Calcining Plant  
12187 East 950<sup>th</sup> Avenue, Robinson, Crawford County, Illinois

Dear US EPA Region 5 Compliance Tracker:

Rain CII Carbon LLC Robinson Calcining Plant (Rain CII) received an amended request for PM10 monitoring ("Appendix B") from US EPA Region 5 on September 22, 2015, in accordance with Section 114(a) of the Clean Air Act. Items 16 and 17 of the request require Rain CII to submit monthly reports of the PM10 monitoring and associated meteorological data to US EPA Region 5, whereas Items 10, 14, and 15 specify the content and format of the monthly reports.

The PM10 monitoring station and the meteorological station began generating valid data on March 25, 2016, following installation and initial calibration. In accordance with the requirements of the amended Section 114(a) request for PM10 monitoring, Rain CII is submitting, as enclosures, the following meteorological and PM10 monitoring data for March 2016:

- On compact disk (CD), Microsoft Excel file containing (1) hourly ASCII comma-delimited PM10 data, wind speed data, and wind direction data, and (2) one-hour and 24-hour average PM10 data correlated to one-hour and 24-hour average wind speed and wind direction data;
- log of March 2016 calibration data for the PM10 monitor and meteorological station;
- log of site visits and operator activities during March 2016;
- log of monitoring system downtime for the PM10 monitor and meteorological station during March 2016;
- log of observed interferences impacting PM10 levels at the facility during March 2016; and
- 2 pictures of the monitor showing it is not in the dripline of the tree line.
